Dr. Email Verifier LLC is providing a new tool to help users verify their email address. Mails with an unknown domain or a 'From' address will be verified for free on Dr. Email Verifier LLC website by entering the recipient email address and verifying whether they are valid or not there. If the email is confirmed to be invalid, you will be notified of that via Dr. Email Verifier Instagram account (@dremailverifier) This license agreement was designed to protect both parties involved - Dr. Email verifies that your information is legitimate, and you can verify that Dr. Email Verifier is not common spam. We have made numerous attempts to keep the cost of HACKING down to an acceptable level for users, and will be releasing a commercial version of the service in the near future. The list of changes: * The list of changes:

Hacking Email Verification Service is at Cost: \$0.01 per email sent, or \$10 per month (small business) or \$100 per month (corporate). Users may pick their own pricing plan. Please visit the following link for information on how to get started: https://www.dremailverifier.com/hacks-costs/ Currently insured by iTech Ent Ltd. https://www.dremailverifier.com/testimonials/
